

1995

Geo

Get To Know Geo.

The Geo philosophy is simple: give American small-car buyers exacting quality and reliability at a highly affordable price.

You won't find expensive sports cars or luxury sedans in the Geo line, but you will find three distinct types of easy-to-own vehicles, all built in the United States or Canada.

Geo Prizm is the 5-passenger sedan that offers automotive excellence at a price that makes sense for family budgets. Geo Metro for 1995 is an all-new version of this popular small car. Metro is available in sedan and coupe models.

Geo Tracker is the fun and affordable com-

pact sport utility vehicle that's as individualistic as its owners. Tracker is available in 4x4, two-wheel-drive, hardtop and convertible models.

Whether you choose our sophisticated sedan (Prizm), our economical small car (Metro) or our fun-to-drive sport utility (Tracker), you'll be getting proven quality and value — at an easy-to-like price.

Geo Customer Care.

We're proud to say that no import or domestic car company offers as large a dealer network as Chevrolet/Geo. Wherever you go in your new Geo, it's good to know that, if you should ever need it, help is always as near as a Chevy dealer.

As a Geo owner, you are covered by Geo Customer Care, which includes all the following:

Bumper to Bumper Warranty

The GM 3-year/36,000-mile (whichever comes first) limited warranty covers repairs for all 1995 Geo vehicles, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. Warranty features include air conditioning repair, towing, no-cost warranty transfer, and emissions control system coverage, which varies by geographical location. There is no deductible. See your Chevrolet/Geo dealer for terms of this limited warranty.

Courtesy Transportation

Customers who purchase or lease a 1995 Geo will be able to take advantage of Courtesy Transportation at no additional charge when their vehicles are left at a participating dealership for repairs covered under the 3-year/36,000-mile Bumper to Bumper Warranty. See your participating dealer for details.

24-Hour Roadside Assistance

For as long as you own your 1995 Geo, the security and convenience of round-the-clock Roadside Assistance is available via a toll-free hot line (1-800-CHEV-USA). Your call will be answered by a Roadside Assistance phone advisor trained by Chevrolet. You will be placed in contact with a nearby service center, and assistance with towing and other helpful services will be arranged. Please ask your Chevrolet dealer for more details.

Geo Prizm, at right.

Geo Prizm.

It feels good when you know you made the right decision. And lately, more and more people have been trading in their Hondas, Toyotas and Nissans for a Prizm — and loving it.

And there's a lot to recommend: sophisticated good looks, standard dual air bags, and quiet comfort for five people.

We're confident that once you get to know this sophisticated sedan, you'll want to thank the friend who told you about the 1995 Geo Prizm.

In fact, 96% of Prizm owners who had traded in an import would recommend Prizm to a friend.*

*Based on 1995 owner survey.

Geo Prizm LSi Sedan.

Geo Metro Sedan.

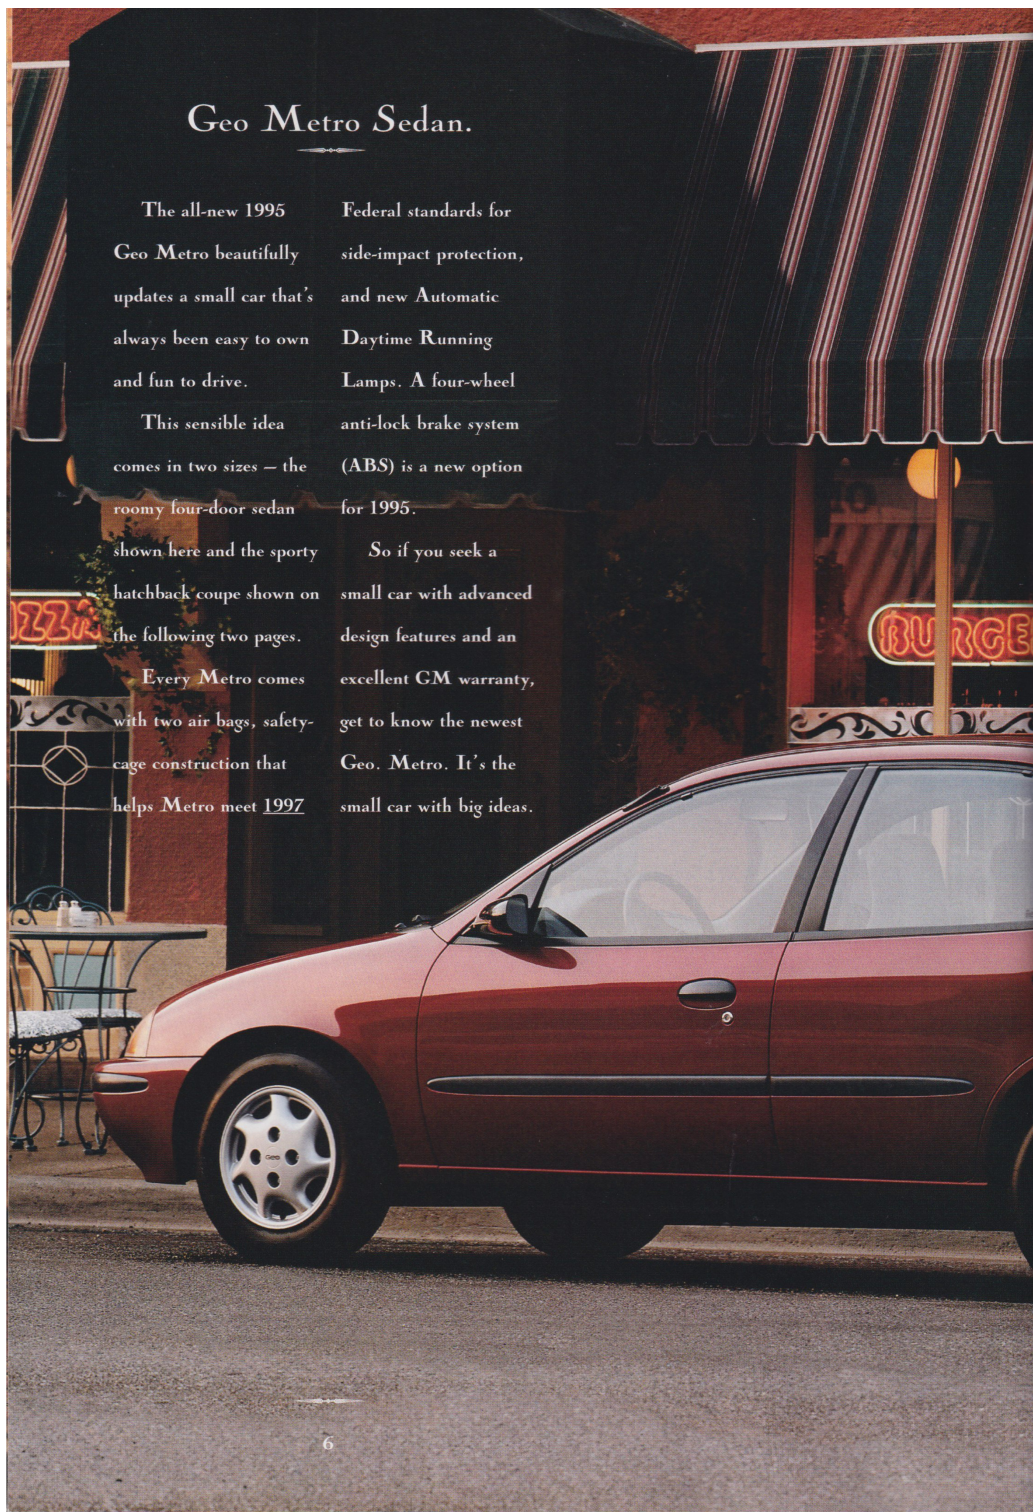

The all-new 1995 Geo Metro beautifully updates a small car that's always been easy to own and fun to drive.

This sensible idea comes in two sizes — the roomy four-door sedan shown here and the sporty hatchback coupe shown on the following two pages.

Every Metro comes with two air bags, safety-cage construction that helps Metro meet 1997

Federal standards for side-impact protection, and new Automatic Daytime Running Lamps. A four-wheel anti-lock brake system (ABS) is a new option for 1995.

So if you seek a small car with advanced design features and an excellent GM warranty, get to know the newest Geo. Metro. It's the small car with big ideas.

Geo Metro LSi Sedan.

Geo Metro Coupe.

Geo Metro Coupe.

Just because your
commute may be routine
doesn't mean your car has
to be. Even driving to
work can be fun in a '95
Metro Hatchback Coupe.

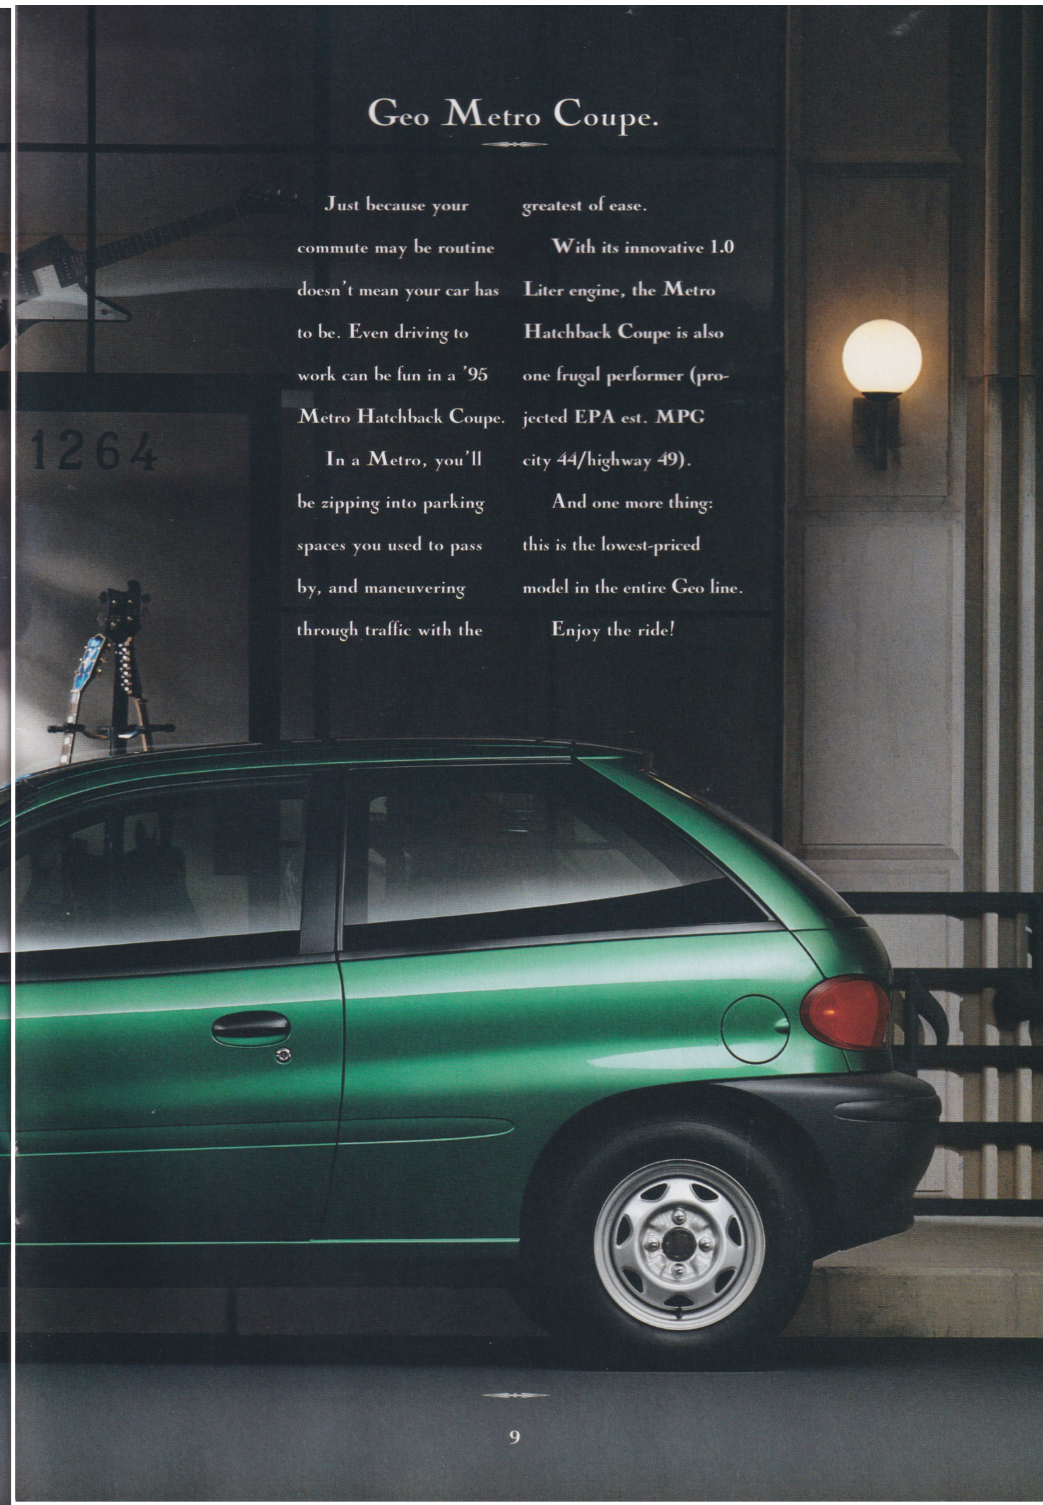

In a Metro, you'll
be zipping into parking
spaces you used to pass
by, and maneuvering
through traffic with the

greatest of ease.

With its innovative 1.0
Liter engine, the Metro
Hatchback Coupe is also
one frugal performer (pro-
jected EPA est. MPG
city 44/highway 49).

And one more thing:
this is the lowest-priced
model in the entire Geo line.

Enjoy the ride!

Geo Tracker 4x4 Convertible.

Geo Tracker.

Geo Tracker is a go-anywhere kind of sport utility with a remarkable dual personality. In the city, few vehicles are as easy to maneuver and park. You sit up high and enjoy a great view of the road. And when you're ready to discover new trails, a wide stance and high ground clearance make Tracker a great traveling partner.

For 1995, it's even easier to get enthusiastic about the Geo Tracker.

A responsive 16-valve

engine delivers 18% more power than last year's standard engine.* And convertible models feature a brand-new, easy-folding top.

Geo Tracker models include a value-priced 2WD Convertible, the very popular 4x4 Convertible, a practical 4x4 Hardtop, and the top-of-the-line LSi 4x4 Hardtop and Convertible. They're all built tough,

and they really love to play.

*This 16-valve engine is standard in 4x4 models, and is a required option on 2WD models in California and Massachusetts.

Important: A Word About This Catalog

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet/Geo dealer for complete details.

A note about air bags: Always wear safety belts, even with air bags.

At your Chevrolet/Geo dealer, financing or leasing your new Geo can be as easy as saying GMAC.
