

Geo Tracker. Good clean fun.

Go ahead. Play in the mud. This 4x4 Tracker LSi with its heavy-duty suspension will go 4-wheeling to places that aren't even places yet. Or guide you through the wilds of the urban jungle in 2-wheel drive. And because it has a standard AM/FM stereo and digital clock, you'll enjoy the time you spend in your Tracker™ even more. As you go just about anywhere on or off the road you want to.

 Let's get it together...buckle up.
